

ISHAN AHMAD SIDDIQUI

CAREER OBJECTIVE

As an adventurous, ambitious, and detail-oriented engineering student, I am driven by a passion for pursuing a career as a computer science engineer. My goal is to enhance my skill set while working collaboratively with others to ensure that projects are executed to the highest standards. I am currently seeking entry-level employment opportunities in the engineering sector to begin my journey towards this objective.

PROJECT

An Online Voting System

The objective of the online voting system for universities and institutions is to address the limitations of traditional manual voting systems by providing a convenient, efficient, and secure platform for student union elections.

Skills: UI/UX- Figma (Software) , Adobe Photoshop, Canva.
